Honorable Commissioner for Patents

Sir:

The Office Action mailed June 16, 2004, in the nature of a requirement for restriction, has been carefully reviewed. Favorable consideration is respectfully requested.

Restriction has been required among what the Examiner considers to be patentably distinct inventions, as follows:

Group I, drawn to styryl dyes, presently comprising claims 1-5;

Group II, drawn to light absorbing compositions and optical recording media using styryl dyes, presently comprising claims 6-13 and 15-20;  
and

Group III, drawn to methods of making styryl dyes, presently comprising claim 14.

Applicant herewith elects Group II, claims 6-13 and 15-20, drawn to light absorbing compositions and optical recording media using styryl dyes.

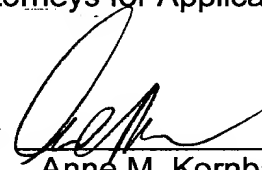

If the restriction requirement is maintained, it will be clear on the record that the PTO considers the three groups to be **patentably distinct** from one another *i.e.*, *prima facie* **non-obvious** from one another. This means that a reference identical to the one group would not render the other group *prima facie* obvious.

Favorable consideration is respectfully requested.

Respectfully submitted,
